## **Bonus Pots Feature**

Each base game symbol has an associated 5 of a Kind bonus pot and a collection meter.

Bonus pot values are the associated 5 of a Kind pay plus any contribution at the current bet level.

Each time a 5 of a Kind win of any symbol is awarded, the counter for that specific pot increases by 1.

When the counter for a bonus pot reaches 5, that pot is awarded in lieu of the 5 of a Kind pay.

After a bonus pot is won, that symbol's pot resets to the associated 5 of a Kind prize.

Initial bonus pot values include an additional contribution.

Bonus pot contributions are not shared across bet levels and do persist across play sessions. Bonus pot values are displayed in currency.

# Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel or the far-right reel.

Line wins pay left to right or right to left, but only the highest paying symbol win on any line is paid per spin. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are independent from line wins and are added to the total amount paid.

Wild 7 Symbol appears in the *Free Spins Bonus* and *Gold Free Spins Bonus* only.

Wild Gold 7 Symbol appears in the *Gold Free Spins Bonus* only.

Wild 7 and Wild Gold 7 Symbols are wild and substitute for all symbols.

Bonus pots represent increasing awards where the growth of each is funded by a fixed percentage of each bet placed by the player.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the payable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.
