#### **ADDITIONAL INFORMATION**

##### **REEL ACTIVATION**

The activated reels correspond directly to each bet level. Bet 1 credit to play on the 1st reel only with a maximum possible award of 10 credits. Bet 5 credits to play reels 1 and 2 only with a maximum possible award of 105 credits. Max bet to play all 3 reels with a maximum possible award of 10,500 credits. Number symbols available on Reel 1 are 1, 2, 5, and 10. Number symbols available on Reel 2 are 0 and 5. Number symbols available on Reel 3 are 0, 5, and 00.

Only the highest displayed prize is paid per spin.

##### **ZERO RESPIN**

The Zero Respin bonus is triggered on a losing spin with at least one active reel displaying 0 or 00 on the payline. Any active reels that landed a blank on the payline will respin once. If the respin is a losing spin that lands a new 0 or 00 on the payline, the remaining active reel will respin once more, if applicable. The Zero Respin bonus cannot occur on a 1 credit bet.

Reels are weighted differently during the Zero Respin bonus.

##### **NUDGE FEATURE**

The Nudge feature may randomly trigger on any spin with at least one active reel displaying a symbol above or below the payline. When triggered, any active reel that landed a symbol above or below the payline will nudge its symbol up or down onto the payline.

The Nudge feature cannot trigger the Zero Respin bonus.

#### **Interrupted Game**

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My Transaction History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game, the game is voided, or it's auto completed within 24 to 48 hours. When an unfinished spin is voided, your bet will be refunded to your account.

#### **Game History**

The result of a completed game may be viewed in My Transaction History immediately after closing the game window. Results of unfinished games are not displayed in My Transaction History.

**Expected Payback**

*The theoretical average return to player (RTP) is 95.59% – 95.59% . This RTP represents the long-term expected payback of the game which has been calculated by an independent testing lab. Bet settings determine the RTP percentage range; adjusting the bet settings to the maximum number of lines, bet levels, or bet multipliers provides the maximum RTP.*
