Classification: Internal. This information is considered normal or routine business information. Any employee within Atlantic Lottery may view the information. Discretion should be used when sharing the information with third parties and stakeholders.

Choose a box to reveal the number of free spins awarded. Each box reveals a random number of free spins based on the number of triggering Sphinx symbols:

Number of Sphinx Symbols	Free Spin Range
5	10 – 20
4	8 – 18
3	5 – 15

The *Free Spins Bonus* has an initial multiplier value of 1x and increases by 1x on each spin, for up to a 50x multiplier. Free spin wins are multiplied by the coin value and the bonus multiplier on the winning spin, except for wins containing 5 Cleopatra II symbols only, which does not include a bonus multiplier.

The reels in the *Free Spins Bonus* are richer than the base game reels.

The *Free Spins Bonus* is retriggered when three or more Sphinx scatter symbols appear anywhere on the reels. Retriggering the *Free Spins Bonus* awards additional free spins equal to the initial number of free spins.

The bonus can be retriggered multiple times, up to a maximum of 50 free spins per bonus.

Free spins are played at same coin value as the triggering spin.

## Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

When one or more Cleopatra II symbols substitute in a win, that win is doubled, except for wins containing Cleopatra II symbols only.

Cleopatra II symbol substitutes for all symbols except for Sphinx scatter symbol.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

## **Additional Information**

---

### Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given spin of the game, the chances of winning the top award on the next spin are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of spins by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
