## Rules

Misuse or malfunction voids all pays and plays.

All line pay symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only highest winner paid on each payline. Line wins are multiplied by the line bet on the winning line.

If one or more Rich Girl logo symbols substitute in a base game win, the pay for that win is doubled.

If one or more Diamond Run symbols substitute in a free spin win, the pay for that win is doubled.

Scatter pays are multiplied by the total bet.

Coinciding wins on different paylines are added. Scatter awards are independent from payline awards and are also added to the total amount paid.

Awards are shown in currency.

Bonus symbols appear in columns 2, 3, and 4 only in the base game.

Regardless of the bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of the free spins bonus plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately irrespective of any remaining free spins.
