The remaining two tiles will reveal currency values, which are added together and then multiplied by the selected multiplier. The total is the amount awarded for the *Trash for Cash* Picker Bonus.

Retrigger the *Keys to Riches* Free Spins Bonus by getting three *Keys to Riches* Bonus symbols in the first three columns on any payline. Five free spins are awarded for each payline with three *Keys to Riches* symbols on it. The Free Spins Bonus continues until there are no free spins remaining, until 325 free spins have been played, or until the maximum award cap is reached.

The bet in the Free Spins Bonus is always played at 100 lines and the same line bet as on the reel spin that triggered the bonus. The Free Spins Bonus reels are richer than the base game reels.

## Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid per scatter symbol. Coinciding scatter wins from different scatter symbols are added. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Wins are shown in currency.

The Wild symbol appears on reels 2, 3, and 4 only.

Regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the Free Spins Bonus or the Picker Bonus plus the outcome which launched the bonus. If the award cap is reached in the Free Spins Bonus, the bonus ends immediately, even if there are remaining free spins.

## Additional Information

### Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
